Call for Abstracts

FIT-Cancer 11

11th Forum on *Translational Immunology*
and Immunotherapy of Cancer

Madrid (Spain) 13-15 March, 2025

Conditions of participation

Submissions accepted for the 11th Forum on Translational Immunology and Immunotherapy of Cancer - FIT-Cancer 11 - will be published in an Abstract Book format, preferentially in an indexed scientific journal to be determined (see previous Abstract Book). The Scientific Committee reserves the right to decide if an Abstract is not suitable for publication.

Abstracts must be written in English, and the submitting author is responsible for ensuring the accuracy of all information (including affiliations and the correct use of English or abbreviations). Please note that GÉTICA will not make any changes to the final version, which will be released during the symposium and in the publication.

Abstracts will be selected by the Scientific Committee to be presented either as a poster or as an oral presentation.

Only work that has not been previously published or presented at other conferences will be considered. Updated results from previously reported work (whether as a conference presentation or a research article) may be submitted if the submitting author provides references of previous published results.

Submitting a work for consideration at the conference implies the participant's complete and unconditional acceptance of these terms.

By submitting an abstract, the first author on behalf of the other co-authors is giving permission for its publication in an Abstract Book. Please inform the Technical Secretariat if you do not want your abstract to be published.

Please submit all proposals exclusively via the following website:

<http://congresos.grupoaran.com/fitcancer11>

FIT Cancer 11

11.º FORO DE Inmunología Traslacional e
INMUNOTERAPIA DEL CÁNCER

Note that proposals sent by any other means will not be considered.

Proposals must be submitted online no later than 11:59pm (CET) on January 22, 2025.

The Scientific Committee will award a prize for the best oral communication (300€) and for the best poster (150€), which will be selected by the Evaluation Committee (composed of GÉTICA representatives). The prize announcement and award ceremony will take place during the closing session of FIT-Cancer 11.

The awardees will be asked to prepare a video (of up to 3 minutes in length) for dissemination via the digital media of GÉTICA.

GUIDELINES TO SUBMIT YOUR ABSTRACT

Proposals presenting results of basic, translational, clinical, epidemiological, and/or computational research in the area of cancer immunology and/or cancer immunotherapy are welcome. Proposals may also include results of clinical experiences of interest with immunotherapies in cancer patients.

In this edition, a maximum of 4 proposals will be selected for oral presentations. Priority will be given to the presentation of work that focuses on any of the following thematic areas:

- Cell therapies
- New immunotherapy strategies for cancer treatment
- Biomarkers of response or toxicity to immunotherapy
- Integration of immunotherapies into multimodal treatments
- Mechanisms of response/resistance to immunotherapy

The first author is responsible for presenting the work, either as a poster or an oral presentation. If the first author is unable to attend the conference, he/she may delegate the presentation to a co-author; however, the Secretariat must be notified of this delegation in advance.

The first author must be a member of GÉTICA. New GÉTICA membership applicants will also be accepted.

Authors who submit proposals will have priority for applying for a FIT Cancer 11 registration grant. Authors who wish to apply for these grants must specify it as such when submitting abstracts.

An author may present more than one proposal, as he/she deems appropriate.

IMMUNOTHERAPY OF CANCER

RULES FOR PREPARING AND SUBMITTING PROPOSALS

The abstracts of the proposals must be in English, in a PDF or Word format, with the following structure:

- **Title:** The title should be capitalized and no longer than 25 words.
- **Authors** (first and last names): The first author should be the person in charge of presenting the proposal.
- **Affiliation of the first author:** The place of work should be selected among those offered by the system. This information is mandatory. If it is not on the list, use the “Other work center” box to include it and fill in all the requested data (e.g., name, address, telephone, fax, etc.).
- **Abstract:** The abstract has a limit of 350 words and should contain the following sections:
 - Introduction and Objectives
 - Materials and Methods
 - Results
 - Conclusions
- In the final line, grants or other funding sources for the work should be indicated.
- Figures and tables must be submitted with their corresponding legend/s. Otherwise they will not be included in the publication. Figures and tables (maximum 3) must be attached as image files (.jpg).
- No references to personal or identifying data of patients or their relatives should be included.

As a final step, you must attach an additional version in Word format that does NOT INCLUDE AUTHOR NAMES OR AFFILIATIONS; the figure images and/or tables should be inserted into this document.

If you are submitting more than one work as a first author, you must use the same username, password, and e-mail for all the submitted proposals.

Note that the registration data, as well as the proposal itself, can be modified up until the submission deadline.

INMUNOTERAPIA DEL CÁNCER

SELECTION PROCESS

- All proposals will be evaluated by the Selection Committee, and the results will be communicated as soon as possible. For accepted works, the format in which it will be presented (oral or poster) and the expected date and time of the presentation will be provided.
- Proposals will be classified as oral or poster presentation based on the criteria of the Selection Committee and the availability of time and space. Inclusion in the Abstract Book will also depend on the criteria of the Scientific Committee.
- The Technical Secretariat will send the results of the evaluation to the first author of the proposal, indicating the date, time, and room for the presentation.

RULES FOR PRESENTING AN ACCEPTED WORK

- A maximum of four proposals will be selected for oral presentations. Each oral presentation will have a strict time limit of 5 minutes, followed by 2 minutes for discussion. All presentations must be emailed or delivered on a USB drive to the Technical Secretariat at least 24 hours before the session begins.
- The slide presentations (PowerPoint, etc.) for oral presentations must be prepared in English. The presentation must be given in English.
- Posters should have a maximum size of 120 cm in height and 90 cm in width. The first author must be present at the poster session to discuss the work and answer any related questions.
